No. 1670/D1/51 dated 9the Nov., 1952.

Sir,

Sub:- Industries - Sericulture - Government Silk Filature, Kollegal - Annual Stock Verification 1950-51 Loss - write off - Regarding.

Ref:- Government Memo No. 66374 G/52-1 Development dated 18-6-1952.

In their memorandum cited above Government have called for particulars regarding the year of purchase of each of the articles declared unserviceable during the annual stock verification of Government Silk Filature for the year 1950-51 and the amount realised in respect of each item. Government have also required whether there were any special reasons for realising such a low amount as Rs. 173--8--0 as against the book value of Rs. 1,248--12--4.

2 The Sericultural Expert who was consulted has reported that the amount realised in respect of each item could not be furnished as some of the unserviceable articles such as drill bits, chisels, thermometers etc., with very little market value had to be auctioned in lots along with Clyburn Spanners, Jacks etc., which had better market value, in order to keep down the loss to the minimum. The statement received from the Sericultural Expert showing the date of purchase of each item and the amount realised in the auction is herewith enclosed. It will be seen therefrom that most of the articles were in use for over five years with the result that they had become unserviceable due to fair wear and tear. For the same reason only a low amount of Rs. 173-8-0 could be realised as against the book value of Rs. 1,248--12--4.

3 In the above circumstances, I request that Government may be pleased to sanction the write off of the loss of Rs. 1,201--1--2 as proposed in this office letter No. 1670/D1/51 dated 9-6-52.
